Learn two related techniques in this one-day class for intermediate beaders. This unique stitch appears to form a tube with two spiraling layers. The crystals form the outer layer over an inner layer of size 15 seed beads. The tube is about 7" long and about 5/8" in diameter and is worn with a chain or cable neck wire inserted for either a necklace or bracelet. The beaded beads are worked over a wooden bead.

Supplies:

Fireline 6lb weight, Size 12 needles,
microcrystalline wax, lighter

For Tube:

-5 gross (720) 3mm Swarovski bicone
crystals #5301 or #5328
-3 gr size 15 Toho gold one-cut seed
beads
-18" chain with clasp or cable neckring
with magnetic clasp

For a single bead:

70 Swarovski #5301, 3mm bicones
1 gr Size 15 seed beads
Size 12 beading needle
